

PLINTH COMPACT VENTIL

In response to the growing demand for even lower radiators Purmo has now also developed the Plinth Compact Ventil at a height of 200 mm.

All plinth models are equipped with a beautifully finished top grille, elegant side covers and an integrated valve body. The supply tube for the hot water is concealed behind the front panel.

- Accessories supplied and included in the price: 1 valve body, 3 blind stops, 1 airvent and 1 plastic cap.
- There are no welded-on hanging brackets on the back of the radiator.
- For all types wall brackets are available (2, 3 or 4 brackets depending on the length of the radiator).
- Standing brackets are also available. Standing brackets are built-in or on the surface of the floor mounted model.
- **Note: both the wall and standing brackets have to be ordered separately.**
- Connections: 6 connections of which 4 x G ½" on the side and 2 x G ½" at the bottom - 50 mm.
- Colours : prices are based on white RAL 9016. Other RAL and special colours are available upon request with a 25% supplement.
